# Implant skillZ™

Flap Design and Suturing Technique

# Virtual Program Series

## Flexibility and Accessibility Through Virtual and Hands-On Learning

This **implant skillZ** series will provide the clinician with the knowledge necessary to understand and perform surgical flaps, incision designs, and a variety of suturing techniques will be discussed and shown. This skillZ series will provide crucial knowledge, hands-on approach, and one on one interaction with one of the top periodontists in the USA. The curriculum begins with a series of two (2) webcasts viewed individually or in a group, followed by skill development with hands-on exercises for learning flap design and suturing techniques.
